

**WC-4101 GARMENT CORD****I. Description**

Static Technologies' WC-4101 Garment Cord is a dual wire cord for grounding personnel using Techwear brand "Dual Path" ESD control garments fitted with dual snaps and intended for use with constant monitors. The dual wire construction provides effective monitoring with Tech Wear's patented system that provides grounding contact through the garment's wrist cuffs.

All statements, technical information and recommendations related to the seller's products are based on information believed to be reliable, but the accuracy or completeness thereof is not guaranteed. Before using the product, the user should determine the suitability of the product for its intended use. The user assumes all risks and liability whatsoever in connection with such use.

**III. Cord Specifications**

Monaural Plug: Fits most resistance constant wrist strap monitors

Break Force: > 28 pounds

Cord Length (extended): 6' nominal

Resistor: Two 1/4 watt, one megohm, carbon film resistors, one in each wire segment

Snap Assembly: Dual 4mm (1/8") socket snaps

Wire: 7 strands of tinsel wire in each segment

Wire Insulation: Dark grey polyurethane
